Project Information Bulletin

30" Valve Replacement Dewey Avenue at Lake Ontario State Parkway

Eng. No.: 18-035

August 2023

Overview

The Monroe County Water Authority (MCWA) has started work in the lawn area near the east bound off ramp to the Lake Ontario State Parkway at Dewey Avenue to replace an existing 30" valve.

This valve is located on a large diameter transmission main installed in the 1950's. The MCWA is replacing the existing valve because it is no longer functioning properly.

The vault that contains the 30" valve is located in the lawn area south of the Lake Ontario State Parkway and west of Dewey Avenue. There will be minimal traffic disturbance throughout the duration of the project.

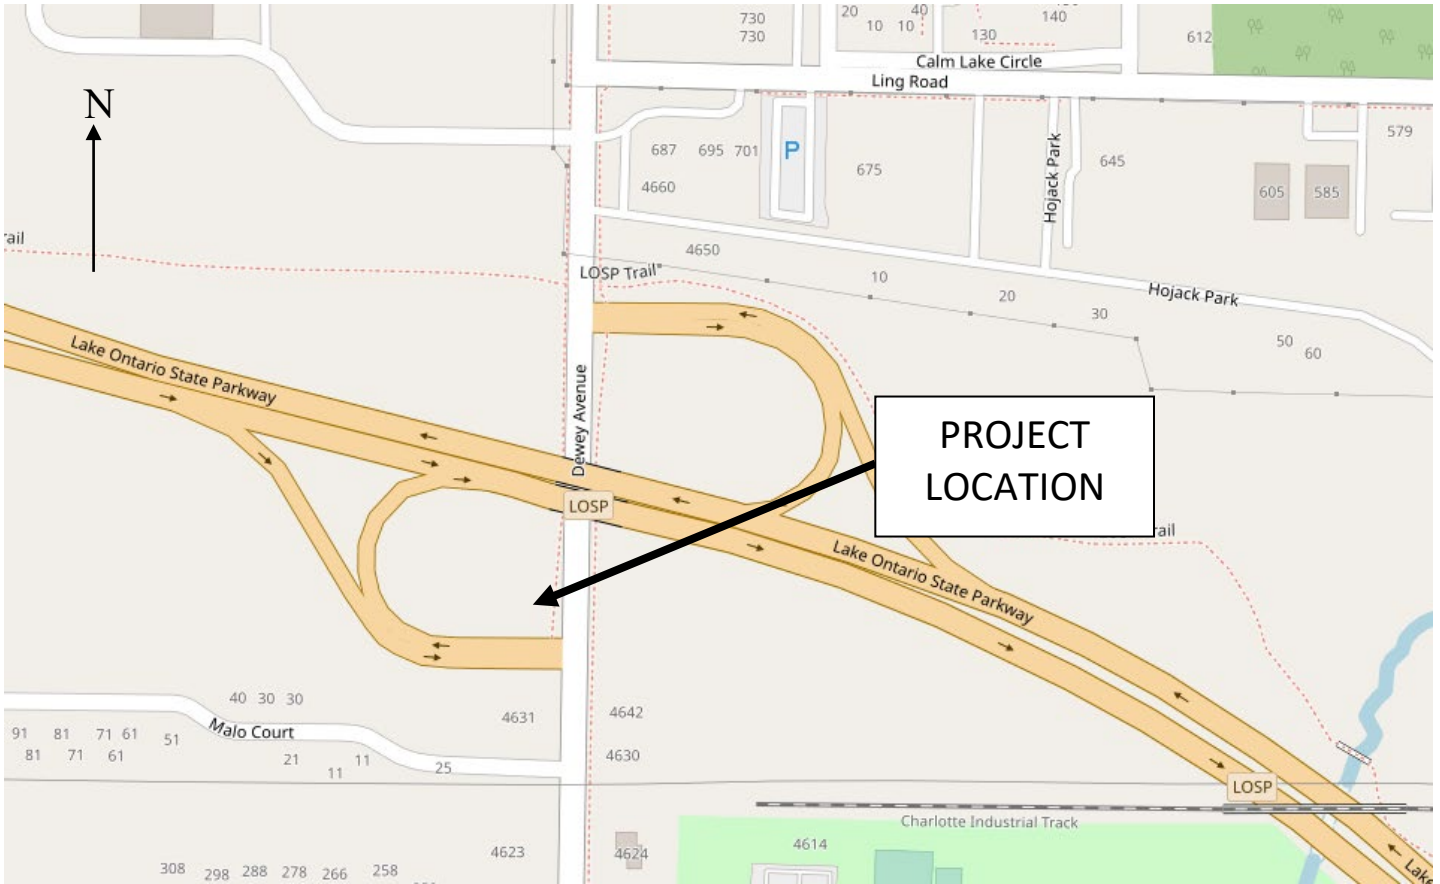

Schedule

The work has begun and is anticipated to be completed within the next 2 to 3 weeks. The work will occur during normal workday hours.

Questions

You can contact our Customer Service department at (585) 442-7200 weekdays from 8:30 am to 4:30 pm, or our Dispatcher at (585) 442-2009 weekdays before 8:30 and after 4:30 pm, and on weekends and holidays. We will have a Water Authority inspector onsite throughout construction. Our inspectors carry an ID card and drive a vehicle with a Water Authority logo on it. They are happy to answer any questions you may have.
