

Invitation to Bid WA012204 – Liquid Sodium Hypochlorite
Responses to Questions

To: All holders of the Invitation to Bid.

Please see below for responses to questions received for the above referenced Invitation to Bid.

Question No. 1: *What bid price is your sodium hypochlorite at now – seeing at renewal time the pricing can change?*

Answer: MCWA is currently paying \$0.764/gallon for liquid sodium hypochlorite.

Question No.2: *Denise Reservoir – are you able to receive full size trailers?*

Answer: The MCWA's Denise Reservoir site can accommodate full size tanker trucks/trailers. As stated in the Technical Specifications, Section 7 – Delivery, the delivery size required for the Denise Reservoir is a partial delivery ranging between 400 and 800 gallons per delivery.
